

The Las Vegas Conversations With God Group

The Las Vegas Conversations With God Group is a monthly discussion group discussing the Conversations With God books by Neale Donald Walsch. Members must have read or currently be reading these books. The discussion topics discussed each week will be selected at random by the members attending.

It is my purpose to present group discussions that you will find stimulating, thought provoking, inspiring, motivating, and just plain exciting. I want these meetings to be like no others you have attended. I want the group dialogue not to discuss how we are now, but help each of us to decide How We Want To Be. I want each individual to fully realize that you are perfect, just as you are.

Nothing in the universe happens that is not in perfect order. You do not know what type of experience is in store for you with these meetings, but you have decided to attend by your own free will choice. So this experience you are undertaking has arrived in your life at the right and perfect time. We will rediscover God together and She will enfold us in Her unconditional love.
